The Elf Express – what to expect…

When you arrive at Bridgnorth station, park your car in good time to walk down the zigzag path to the sound of Christmas music. As you head towards the station building, the magic truly begins.

The Elves have been hard at work transforming Bridgnorth Station into a world of lights and sound, to welcome the Christmas cheer before The Elf Express arrives.

Enter the station through the magical portal of the booking hall – through the archway curtains complete with the Elves' stockings hung ready for filling – then to the booking office with its magnificent Christmas tree.

Check in for your golden travel ticket and the festive North Pole News.

Then to the platform where Mrs Claus and our station team will be greeting you and guiding you along to the warmth of the refreshment room and other facilities.

Now extra magic is needed – help Mrs Claus jolly her Elves into action and call the train to life! Call out the countdown with Mrs Claus and the Elf Express is on its way.

With steam and whistles the train comes around the curve and as the Elves get closer their magic powers bring the full station to life with lighting and special effects to welcome the Elf Express into the platform.

Don't forget to wave at the train driver and the Elves as the train rolls in!

Once the train glides to a halt, our station team will help you board onto your personal beautifully decorated compartment, to take you off on your journey. Along the way you'll be visited by the Santa himself and the pick of his Elves each with a special little helper for you to meet.

Christmas has arrived at Bridgnorth Station, and we hope that you take with you all of the happiness and joy our team love to share.

We wish each and every one of you a very Merry Christmas.
